

Mind Boggler

As a member of The Mind Boggler Club, you need to:

- Find fractions and percentages of quantities
- Convert between fractions, decimals and percentages
- Carry out addition, subtraction and multiplication with fractions
- Simplify fractions and convert between improper fractions and mixed numbers
- Multiply and divide decimals by 10, 100 or 1000
- All multiplication and corresponding division facts to 12×12
- Square numbers to 12×12 and corresponding square roots
- Find powers and prime numbers
- Solve algebraic problems
- Round numbers to the nearest whole, 10 and 100
- Solve missing number problems and use the rules of 'BODMAS'
